

What are your most popular products or services?

Reversible silk jackets, ruffle silk coats, wearable art silk skirts and scarves, and statement jewelry made with faceted black onyx and fresh-water pearls.

What or who inspired you to start your business?

My love of fashion and travel and the will to work for myself. I also perceived a niche in the market to design elegant European-styled clothes for women of all ages, at an accessible price.

Who is your role model or mentor?

My role model is Coco Chanel, who believed that women should be two things: classy and fabulous. I always design with these wise words in mind.

How do you spend your free time?

I read fashion and travel magazines published in various languages—I speak and read five languages. The magazines keep me informed of current trends everywhere, and they're a fun way to practice my language skills.
